

Angular sliding door

record 16 PST

Unique in design

record

your global partner for entrance solutions

record 16 PST Made-to-measure elegance

Featuring record's system 16 modern electronics, the 16 PST angular sliding door lends any entrance or façade class and elegance.

The angular sliding door uses record's system 16 profiles; in addition, the middle of the door operator is fitted with a guide that changes the direction of the drive belts, ensuring virtually noise-free operation. Doors can be fixed at any angle greater than or equal to 90°. Viewed from the outside of the building, the doors can be angled inwards or outwards.

A wide variety of options are available allowing individual solutions where a door is needed.

All profiles are available in a variety of colours, also powder coated, or anodised.

Always safe

Guide for changing
direction of operator belt

Technical Data

Clear opening width A

biparting sliding door 800 - 3 000 mm

Clear height of passage G

recommended maximum height 3 000 mm

Maximum weight of door leaves

biparting sliding door 2 x 120 kg

For record 16 DUO (door leaves)

biparting sliding door 2 x 200 kg

Operator dimensions, incl. casing

height 200 mm

depth 160 mm

Door movements (1)

biparting sliding door 0.7 m in 1.0 sec.

Electrical connection data

mains voltage 230V, 50/60 Hz

rated power 0.6 A

rated capacity 100 W

rated capacity standby mode (door shut) 14 W

fuse protection min 2.5 A slow-blow

(1) if door leaf weight equals 75% of permissible max. weight

Angular sliding door record 16 PST

A : clear opening width
G : clear height of passage
W : angle 90° - 270°

always reliable
